

Westbrook Christian School
Pre-Calculus
Teresa Croyle

I. Supplies (Needed Every Day):

1. One 3-ring binder to be used in math only
2. Subject dividers (4 – notes and class work, homework , quizzes, test)
3. Pencils and extra erasers **(NO PENS)**
4. Ruler or straight edge
5. Notebook Paper (Keep a good supply in notebook at all times)
6. Graph Paper
7. TI 84 PLUS Graphing Calculator

II. Homework/Classwork Grade – 15% of 9 weeks grade

1. Homework given every day except the day of the test! A grade is taken daily on number of problems completed. We go over homework problems daily. They need to correct their problems when we check them.
2. Announced quizzes are given periodically to ensure the students are memorizing the equations that I require them to learn
3. Notebooks are checked every three weeks. Must be kept in order I gave them. Their tests will be returned to them with answer sheets and are to be kept in their notebooks – in order – at all times. Their finals come exactly from their old tests (usually multiples of three).

III. Tests – 85% of 9 weeks grade

1. At least six tests will be given each 9 weeks.
2. The tests and the homework/classwork average will be averaged for the final grade

I am available for conference (in person or by phone) from 9:45 – 10:30 or 2:10 to 3:00 each day. Just call the school and set up an appointment. You may also contact me at tcroyle@westbrookchristian.org.
